

Youth Pledge

as part of

Youth Climate Conclave (YCC) 2021

We, the youth of today and the hope of tomorrow,
Pledge to make a difference in the world around us.
We will invest time and resources to understand Climate Change, and
Help create viable solutions, to restore the glory of our planet.

We, the youth of today and the hope of tomorrow,
Pledge to leave no one behind in our personal commitment to seek solutions to combat Climate Change.

We, the youth of today and the hope of tomorrow,
Pledge to pause, and minimize our consumerism behaviour to reduce our carbon footprint, adopting in
the process sustainable lifestyles and encouraging our friends and family to do the same.
We pledge to synergize efforts at personal, collective and institutional levels to create a greener and
cleaner world.

We, the youth of today and the hope of tomorrow,
Pledge that in our journey, we will pay heed to ancestral wisdom about sustainability, and be
compassionate to all life forms.

We will have a minimalist lifestyle, and show in our activities, that we care:
-about waste and will take steps that Reduce, Reuse, Recycle
-about energy efficiency and will explore options linked with adoption of renewable energy
-about water and will invest in methods that reduce wastage and improve its quality
-about green cover and will work for protection of forests and biodiversity.

We, the youth of today and the hope of tomorrow,
Pledge to actively spread awareness about the risks associated with Climate Change, and
Bring forward ideas, spearheading intergenerational partnerships to have our voices heard, influencing
policy frameworks and mainstreaming concerns of all sections of society.

We, the youth of today and the hope of tomorrow,
Pledge to leave no stone unturned in our quest for positive changes that will secure our PRESENT, and
our COMMON FUTURE.
